Canada Mar and Mrs. Precrice.

the water has been good lately the lish have no been cooperating at their best, Mr. and Mrs. Earl Cazaubon few fish have been caught but

> Among those out after the fish were Joe and Wop Glover who reported not doing so hot They caught a few fresh water fish however.

Jim Sharp had as his guests on his new boat, Julian Lorenzo and Morris Burg. They did some trolling and report catching few speckles around Ship Island Lorenzo said they were not striking too good.

SOME DRUM!

L. T. Necase caught the two drum shown in the above picture last Sunday Morning off the railroad bridge. The small one hit the scales at ten pounds and the large one, 37 pounds, and six ounces.

THURSDAY Night, taken from Necaise said that when he hooka half hour to land him. Some thrill, he said.

> Bob Genin, his son, and Pete Caruso are still catching some speckles outside. They said they were running large.

Dan Haggerty and three sons did a little fishing over the niture. George S. Horton, 218 weekend. The boys seemed a little disappointed at catching no fish, but did get some hard crabs.

> Soft crabbing and floundering are still on the waning side. Probably the wheather has had a lot to do with it. There is still. time, for some crabs and flound ers will still be here for the rest of the summer.

The American Legion lads put on as usual, a fine fair over the 4th. A good crowd, lots of funrewarded them for their efforts:

Bobby Fayard, Horatio Farve, Carl Richardson and Alfred Richardson captured a nice bunch of perch, but said that they had to work hard for what they got

Skiiers were in full force up the river over the weekend Rather hard on the the fishermen. but everyone likes their own line of sports, Lets think of the

PERMANENT PASTURE CURE

For the remainder of the sum mer no permanent pasture should be, grazed for longer than two veeks without a rest. A pretty good system is to give the pas. tures a two week rest after two weeks of grazing. If you are expecting the best from your permanent pastures, you had better make sure of the lime. Most of you pasture farmers want a combination of legumes and to supply needed lime.

Some pastures will need one ton and some two or more to to 6.0 or 6.5. The only way to really know how much lime your

WANCE BUSINESS FOR NEARLY 40 YEARS

Messages king best politing in from near and far paying fri bute to this public servant who became Messagepi's first fullpecame Massastopi's first full-time state offices in 1984 and do veloped a public health program that has become a national pace-

through many stages in the development of progressive and adcome said this policy has not vanced public health measures this native Mississippian has had tremendous influence upon pub-lic health on both a national and international level.

Last week in Jackson over 500 persons, representing almost every one of the 82 communities and six states, gathered at a tes timonial dinner to honor the 75year-old physician who gave up a successful private practice in 1918 to dedicate himself to public health improvement in his then disease ridden state. Under his leadership entraor

dinary health progress has been made. He battled ignorance, su perstition and apathy by word sent their claims to the Clerk of of mouth, by printed bulletin, by said Court and to have them films, and by radio broadcasts. covering the state with messages months from this date, failure of disease control and health im- to do so will bar the claim. provement He spearheaded the organization of local health de- 1958. partments in every one of 74 counties that were without full. time health protection.

An ever-vigilant sanitation pro gram was stepped-up. Large-scale immunization programs were car. maightion. These materials should ried through. Intensive case. finding activities in tuberculosis, venereal diseases, and hookworm were initiated with adequate follow-up of found cases. Midwifery was scourged of the incompetent 59 as follows: and put under rigid supervision.

As communicable diseases came under control through his relentless efforts, he vamped programs which began to attack other pre. ventable diseases and conditions that impaired the health of Mis_ sippians, such as nutritional deficiency, cancer, heart diseases, and of the City Superintendent at of Hancock County, Mississippi, to emotional disorders.

Dr. Underwood fathered the Medical Education Program which grasses. The only way to be sure has created and kept new doctors that you get this combination is in this once medically-poor state. He was the prime mover behind a gigantic hospital building program and the establishment of bring the pH of the land up a 4 year medical school. He "preached" the need of adequate housing facilities for health de.

> tion of 54 modern buildings for "It has been a wonderful privilege to serve my state in public health," said Dr. Underwood, as he brought his long term of service to a close. "The accomplishments have been rewarding: but they could have been realized only through the wonderful support and cooperation I have to my able successor, Dr. A. L. Gray, I wish for him the same unfailing support and loyalty." "There are still great goals to work toward in public health,"

he add**e**d. KICKAPOO MEANS SEASON

FUN FOR SCOUTS simple Indian name to the casual observer, but to hundreds of Mississippi Boy Scouts, a dream come true. Situated five miles north of Clinton, this wide, well kept post provides caming opportunities to more than 1,000 scouts each summer. They come from 22 central Mississippi coun_ ties to take part in one of six separate week-long programs during June and July. Kickapoo is one of six camps in the state.

land needs is to have a soils test

If you lime your land according to the recommendations of soils test, you can safely assume that it will last five to six years. Don't ever buy lime and stack it on your farm. Have someone haul it in on a spreader and spread it while he has it loaded. and summer is the best time to lime land as the soil is normally dry enough for the spreader trucks to get over the land.

NOTICE TO BIDDERS Sealed bids will be received by the Bay St. Louis Municipal School Board to be delivered to office of Superintendent of City Schools, Joe D. McCullouch, on or before 10 a. m. Thursday, July 31st for furnishing the fol lowing listed items for the school term 1958 59:

TIRES 8:25 x 20 (8 & 10 ply) 7:50 x 20 (8 & 10 ply) 7:00 x 20 (8 & 10 ply) TUBES 8:25 x 20

7:50 x 20 7:00 x 20 BATTERIES All types GASOLINE Regular and Pre-OIL-All weights

Done by order of the Bay St. the Office of the Chancery Clerk Louis Minicipal School Board on this the 24th day of June, 1958.
